The S&P 500 Enhanced ESG Strategy Composite was created on April 30, 2021. For comparison purposes this strategy is measured against the S&P 500 Index. The S&P 500 is an index of 500 stocks seen as a leading indicator of U.S. equities and a reflection of the performance of the large cap universe. The S&P 500 is a market value weighted index and one of the common benchmarks for the U.S. stock market.

Gross of fee returns are presented before management fees, but after custodial fees and transaction costs and include the reinvestment of all income. Net of fee returns reflect the deduction of the actual management fees (including performance-based fees if applicable) from the monthly gross of fee returns. Actual management fees incurred by clients may vary. The composite include zero commission accounts.
