

About Xponance

Xponance, Inc., formerly FIS Group, is a Black woman led, and 100% employee-owned investment manager, founded in 1996 by CEO and CIO Tina Byles Williams. With \$12 billion in assets under management,¹ Xponance is a multi-strategy firm offering emerging and diverse multi-manager capabilities, as well as active and passive equity, fixed income and alternative solutions. Xponance's technology subsidiary, Aapryl, LLC, offers a web-based analytical platform that assists asset owners in portfolio, manager, and risk due diligence.

Xponance's primary goal is to be a trusted client solutions partner. The firm's name is derived from the word "exponent" and dually connotes its core objectives—to be a zealous champion for clients; and to provide higher level engagement and a broader array of solutions to meet clients' investment needs.
